Fiona Morris

A relaxing week of workshops, yarns, creativity, trips, fun and much more.

20th - 27th June 2020

LE VIEUX MONASTERE, CHARENTE MARITIME, SOUTH WEST FRANCE

Following the success of our fabulous knitting workshops since 2006 we are pleased to confirm the programme for 2020 which will see Fiona Morris returning. Workshops include "Learn to knit Twigg Stitch", "Reversible Cables", "Short Row shaping", and learn new methods of casting on and casting off. Stella will be back with her pop up yarn shop and of course there will be trips out to local places of interest.

The holiday takes place in the beautiful retreat of Le Vieux Monastere, a monastery dating back to the 12th century. Set in the sunny Charente Maritime between La Rochelle and Cognac this is a perfect setting for promoting creativity and a sense of well being. The workshops form part of an inclusive programme which provides a complete and relaxing holiday experience.

Guests are accommodated in our luxurious cottages, and meals consist of breakfast, lunch and dinner with wine included, except on excursions.

The cost of this holiday is £850, which includes accommodation, airport transfers, full board, all workshops and excursions. The cost excludes travel to La Rochelle and single room supplement of £75.

Fiona Morris

Fiona Morris has been teaching our residential knitting workshop holidays since 2010 and continues to be a hugely popular tutor for her teaching style and approachability.

A freelance designer and experienced knitting teacher, Fiona has been involved in teaching to all levels since the mid 1990's including City and Guilds certificate and diploma level. Her designs have been featured in a number of knitting magazines, where she also contributes technical features.

Her book "Knitting with Beads" published in 2018 is a contemporary guide to a traditional technique.

What Fiona says about French Treats 2020:

"We will be offering a variety of knitting subjects in the workshops for 2020. The first one day workshop will introduce knitters to the 'Twigg Stitch'. These are a range of reversible two-colour stitch patterns developed by Vicki Twigg, a cross between two-colour Double Knitting and rib. The stitch patterns can be used for a range of accessories and items that have an interesting stitch pattern on both sides of the fabric.

Sticking with the idea of reversible fabrics the second one day workshop is Reversible Cables. The cables can be simple based on wide rib fabrics or different types of textured stitches combined with rib to give the same look on each side of the fabric, or have completely different cable patterns on each side of the fabric

There will also be two half day workshops covering short row shaping and casting on and casting off. Short row shaping can be used to add shape and structure to a garment, create unusual stitch patterns or make 3D pieces. There are a variety of ways to work short row shaping. A couple of the most common methods will be covered in the workshop.

The 2nd half day workshop will look at some of the different ways to cast on and off with examples of why you might want to choose a different method to the one(s) you are familiar with. It can make a big difference to the finished look of your piece of knitting choosing the best method of casting on and casting off."
